

# ACE GROUP WORLD CONFERENCE

CCR 2022 | ExCeL London | Thursday 13<sup>th</sup> October, 1:30 – 7:00pm

## ACE GROUP WORLD CONFERENCE PROGRAMME

---

13:30 – 14:00 **Arrival and welcome drinks**

### SESSION ONE:

14:00 – 14:15 **Introduction/Housekeeping/Keynote Speaker**

Professor David Sines, Chair of the Joint Council for Cosmetic Practitioners, opens the ACE Group World conference and provides an update on regulation, standards and the proposed licensing scheme.

14:15 – 14:35 **Body Dysmorphic Disorder and mental health assessment in aesthetic practice**

Lou Sommereux, Director of Cosmex Clinic and previous Vice Chair of the BACN, provides an insight into the assessment, pitfalls and red-flags associated with mental health conditions in aesthetic practice.

14:35 – 14:55 **Complications from fat dissolving injections**

Sharon King, founder of ACE Group World and the current Vice Chair of the BACN, discusses complications that can arise from fat dissolving injections, including fat and skin necrosis, and how to avoid them.

14:55 – 15:15 **Resuscitation, anaphylaxis and how to manage the unwell patient**

Paul McVittie, CEO and Consultant Resuscitation Practitioner, provides an overview of Basic Life Support, the management of anaphylaxis and how to manage the unwell patient, including vital equipment and drugs that should be at hand.

15:15 – 15:45 **Networking in the exhibition hall**

# ACE GROUP WORLD CONFERENCE

CCR 2022 | ExCeL London | Thursday 13<sup>TH</sup> October, 13:30 – 19:30pm

## SESSION TWO:

### 15:45 – 16:05 **Vascular Occlusion**

Dr Julia Sen, Senior Consultant in ophthalmic, plastic, reconstructive, Mohs and cosmetic surgery, provides a lecture on vascular occlusions secondary to cosmetic filler injections, how to avoid, how to diagnose, how to treat and how to follow-up.

### 16:05 – 16:25 **Management of filler complications using ultrasound**

Mr Ansar Mahmood, Consultant Orthopaedic and Trauma Surgeon and specialist in regenerative medicine and aesthetics, has a vast wealth of knowledge and experience in the use of ultrasound, which he uses to assist in the management of complications.

### 16:25 – 16:45 **Delayed Onset Nodules**

Dr Martyn King, Medical Director of ACE Group World and Vice Chair of the JCCP, discusses the recent increase in Delayed Onset Nodules following COVID-19 and the latest evidence and guidelines in their management.

### 16:45 – 17:00 **Speaker panel**

Your opportunity to ask the experts a question.

### 17:00 – 19:00 **Drinks reception in the Networking Lounge.**
